

电池盒-生产线
BATTERY BOX - PRODUCTION LINE

电池盒全自动生产线 FULLY AUTOMATIC PRODUCTION LINES FOR BATTERY BOXES

- ▶ 自动卸垛
automatic destacking
- ▶ 横切锯切技术
crosscut with sawing technology
- ▶ 去毛刺
deburring
- ▶ 加工站之间的物流
logistics between the machining stations
- ▶ FSW 摩擦搅拌焊，用于连接型材
FSW Friction Stir Welding to add the profiles
- ▶ 测试单元，测量站
inspection units, measuring stations
- ▶ 打标设备，视觉系统
marking equipments, camera systems
- ▶ 加工设备，装配线
machining plants, assembly lines
- ▶ MIG焊接机器人
MIG-welding robot

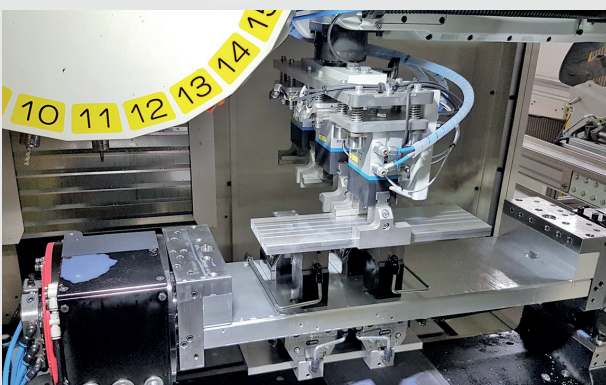

我们计划完整的生产线 WE PLAN COMPLETE PLANTS

基于我们在挤压铝材领域的多年经验，我们计划为电池盒的所有组件设置一条在线装配线。
Due to our long-time experience in aluminium extrusion division, we plan an inline assembling line for all components of the battery boxes.

- ▶ 机器人技术的集成以及机床的全自动装卸
integration of robotic and fully automatic loading and unloading of machine tools
- ▶ 全自动和半自动的质量管理
fully and semi automatic quality management
- ▶ 连接或扩展现有物流
connection or extension of the existing logistics
- ▶ 在我们工厂完成生产线的安装和预调试
complete construction and pre-commissioning of the plant in our company
- ▶ 安装，调试和生产协助
installation, commissioning and production assistance
